Liquor Licenses Discussion on what we are allowed to charge for licenses and initial application fees. The State of Wisconsin has left the event venues open end meaning we can set what ever fees that the board decides. Gary cautioned that we should set reasonable fees that do not hurt our residents. The normal liquor and beer licenses can only be raised to \$100 for beer which is what we currently charge, and \$500 for liquor, we currently charge \$200. Gary recommends raising the liquor to \$400 making the total \$500. And an initial application fee of \$ 500 - \$1000. The board will take this up next month.
